

# Building Safety Speakers Bureau

## Development Services Department

Need a speaker for your professional association meeting?

Would your high school or college class like to hear about careers in engineering, plans examination or building inspection?

Do you know what your building department does for you?

Want information about Clark County's adopted building codes?

Does your community group want information about building, renovating or adding on to your home?

### SPEAKER TOPICS INCLUDE:

- How building codes affect you, why we have them, and when they're required.
- Amusement & transportation systems.
- Fire protection in major structures.
- Unusual construction projects in Clark County.
- Careers in construction.
- Disaster inspections.
- Seismic issues in Southern Nevada.
- Materials testing & construction inspections.
- Welding: so hot it's cool!
- Structural issues in residential & commercial construction.

**Got**  
**Permits?**  
PROTECT YOUR HOME IMPROVEMENTS

**We have English, Spanish,  
Mandarin Chinese and  
Hindi speakers . . .**
